Production info

PARKING

After arriving at our venue, please ring the doorbell on the right side of the large grey door and the floor manager will come and welcome you.

Our loading dock is situated inside our venue with space for about two full size night liners plus trailers. The entrance is at the backside of the building, the exit is at the front side; both are at street level.

Overnight parking in our loading dock is prohibited!

Please note that this area is in use for all our halls, so we therefore kindly ask you to cooperate with the floor manager's parking plan.

We will try to arrange parking in our loading dock for you, but it might be necessary to park your car in the streets behind our venue or in the secured parking garage across the street.

Please notify our production team in advance if you are planning to arrive with an oversized vehicle or with a large amount of cars.

ARRIVAL ROUTE NIGHTLINERS & TRUCKS

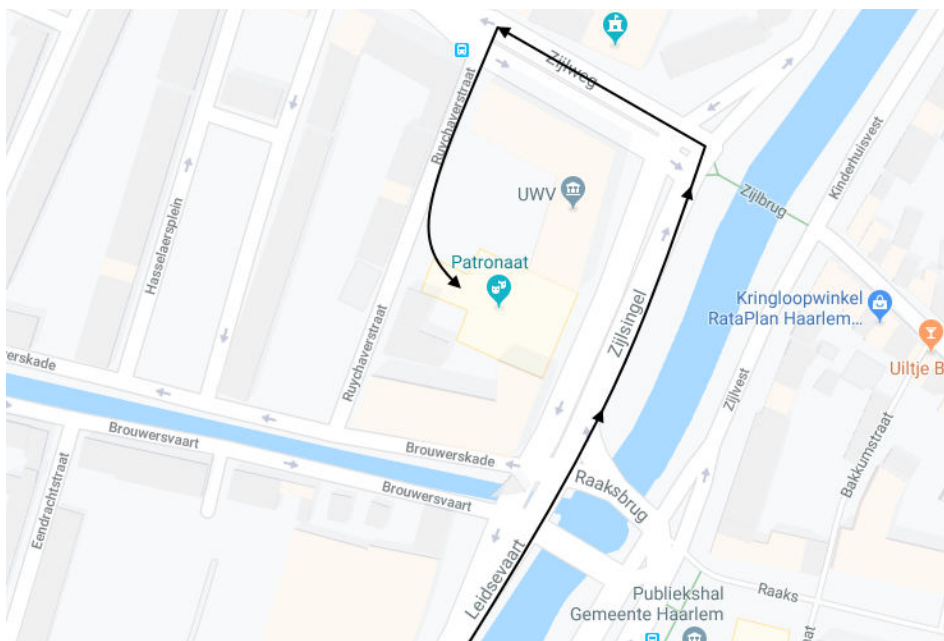

Parking your truck or night liner inside our loading dock is only possible when entering from the Zijlweg. After arriving at the Zijlsingel, please follow the below route to the back of the building (ignore the 'No Entry' sign at the corner).

Please do not deviate from this route!! As our venue is located in a residential area with a lot of one way streets, it takes a long detour to end up at the right position.

In case your equipment arrives by truck larger than eight metres, please inform your production contact in advance for directions to enter the loading dock.

Please note:

- We have 32A power available for trucks and coaches;
- The max. headroom of our loading dock is 4,12 metres / 13,5 feet;
- It is strictly forbidden to empty toilet reservoirs in the loading dock, this will result in a fine of €250,00;
- It is forbidden by law to stay inside your vehicle in our venue overnight.

ENVIRONMENTAL ZONE

Patronaat is situated in an environmental zone, meaning access is prohibited for diesel-powered vehicles that don't comply with the European emission class six.

At www.milieuzones.nl, you can check your licence plate to see which class your truck belongs to and whether you are still allowed to enter the environmental zone.

LOAD-IN

Load-in will either be from our loading dock, or in some cases at the front of our building (this only applies to Stage 3). Your floor manager will let you know where you can park to load-in upon arrival.

From our loading dock, load-in is a short, flat push to the freight elevator that brings you directly onto the stage. Dimensions of the elevator are 1,25m (w) x 2,08m (h) x 2,60m (d) / 49,21" (w) x 81,89" (h) x 102, 36" (d). The maximum hoisting weight is 2000 kg / 2.2 tons.

To load in at the front, you will have to park in the lay-by of the main road. This is only a short push, but you will have to cross a cycling path and some curbs.

Our local crew will help you with load-in/-out where possible. Dismantling and load-out is done directly after the concert.

CAPACITY

Capacities may slightly differ depending on various circumstances, generally the following applies:

Stage 1: 850 (club nights); 950 (concerts)

Stage 2: 350

Stage 3: 120

Full house: 1.350

GUESTS

In case of a sold out show, the maximum number of guests you can put on the list is as follows:

- Stage 1 & 2:
 - o Headliner: ten
 - o Support(s): five
- Stage 3:
 - o Headliner: six
 - o Support(s): four

You can either send your guest list to your production contact in advance, or on show day to: bedrijfsleiding@patronaat.nl.

TIMINGS

The standard get-in times we work with are as follows:

Stage 1: five hours before doors open

Stage 2: four hours " " "

Stage 3: three hours " " "

A get-in earlier than the times mentioned above is possible, but we will have to charge you €150,00 per hour earlier. This is to cover the extra costs of personnel.

SECURITY

We don't have security staff working at concerts, unless this is agreed upon during booking and included in the costing.

BARRIERS

We don't have barriers and (almost) never use them. Their use is not necessary because our stages are relatively high.

Please note that using barriers will reduce the capacity of Stage 1 by 75 tickets. In our other halls the use of barriers is not allowed because it will block the emergency exits.

If you really want to use barriers for your show, please request them well in advance. We'll charge you €650,00 to rent them and to cover the costs for reducing the ticket sales.

STAGE DIVING

For the safety of (y)our audience, stage diving is forbidden in Patronaat. When encouraging the audience to climb onto the stage and/or stage dive, the consequences of all following incidents fall under the responsibility of the artist.

RESIDENT DJ'S

Before and after every concert one of our resident DJ's play music that fits the night. If you prefer to play music yourself, please let us know in advance and we will work out the details.

ZERO TOLERANCE HARASSMENT POLICY

Patronaat strives towards creating an open and unique pop culture for everyone. As part of that, we commit to creating a safe environment for staff, artists and the audience where all are treated with dignity and respect.

Therefore all forms of bullying and harassment are not tolerated. We want to ensure that our venue is free from prejudice, discrimination, harassment and bullying.

We take a zero tolerance approach to all forms of behaviour that intend to violate the dignity of others. Zero tolerance means that we will never tolerate, condone or ignore bullying, harassment or hate crimes of any kind.

This will not be tolerated in behaviour but also has a creative aspect, as we will not accept music to be played with lyrics that are sexist, racist or homophobic. By performing in Patronaat, you agree to comply with these terms.

Technical info

TECH SPECS

You can find our technical specs on the website: <https://www.patronaat.nl/techspecs>

At the end of hall's general specs, you can find an overview of the available backline. Our backline is available upon request only.

LOCAL CREW

Depending on the location and type of show, we provide a front of house engineer, a light engineer and a monitor engineer. Since loading in is relatively easy at our venue, we don't provide stage-hands. If required, stagehands can be hired (extra costs are for the artist) at a rate of €20,00 per person/hour.

SOUND LIMIT

According to Dutch sound regulation, sound levels are restricted to 103 dB(A) L_{eq} / 15 minutes. Sound levels are continuously monitored and logged. Please respect these levels!

PYRO/FIREWORKS/CONFETTI

NEVER use any form of confetti, streamers, snow, bubble blowers or similar products that may harm our light and/or sound system. We will have to charge you for cleaning (€250,00 ex VAT), plus the cost of any damage will be charged.

NEVER use any form of pyrotechnics or CO₂-jets without previous consent.

NEVER use laser lights without previous consent, our video projectors need to be protected.

DJ GEAR

We have a large in-house inventory with the latest DJ equipment available. If you need a DJ set-up for your performance, please ask your production contact what the options are.

Hospitality

Patronaat aims to actively contribute to producing more sustainable events. That is why we might suggest replacing specific brands on your hospitality rider, for brands we can order from our local suppliers. This way we reduce transport emissions, and we can reuse products that haven't been opened.

Another measure we take is cutting out as much disposable plastics. Instead of bottled mineral water you will find jugs of water in your dressing room, and clean reusable bottles on stage. Our tap water is the best in the world!

We all have a responsibility for the preservation of the earth. Therefore please consider looking into the UIMA Green Rider as a point of departure to make your rider more environmentally friendly: <https://uima.org/green-touring/>

CASHLESS VENUE

Per September 2020 we are a cashless venue. No cash money can be exchanged nor do we pay any artist fee, buy-out or per diem in cash. All money transfers will be wired by bank.

MERCHANDISE

Patronaat does not charge a commission or merchandise fee. We have a dedicated merchandise spot per hall and we can add rolling stalls if needed.

If you have a lot of merch, please let us know in advance how much space you'd approximately need.

We advise you to bring your own card machine, as Patronaat is a cashless venue and people most likely won't have cash on them.

We can help if you might need a seller or merch assistant. We ask a fee of €50,00 to be paid directly to the seller or assistant in cash on show day.

BACKSTAGE DESCRIPTION

We have a total of four dressing rooms available for all three stages. The dressing rooms are situated on the second floor at the backside of the building.

You will enter your dressing room from a shared hallway. In this hallway we have coffee, tea, bread and fruit ready for you. Along this hallway we have three toilets and two showers. Towels will be provided in your dressing room.

DINNER

Unless discussed otherwise during advancing, we will have a buffet style, in-house dinner for you. With soup, salad and a variety of options to choose from for the main course. Dinner is served downstairs in our greenroom.

Greenroom means green food! Our chef only serves fresh and organic food and our standard meals are vegetarian, even if your rider mentions a number of carnivores or omnivores. Please notify us if you have any additional dietary wishes (e.a. low carb or if you do prefer meat) or restrictions, so they can take this into account.

LAUNDRY

We have a laundry room available for you to use, with two washing machines and two dryers. You can use the laundry room free of charge.

WIFI

We have a secure WIFI network available throughout the building. You can find the password backstage or ask your floor manager.

SMOKING

Smoking inside public buildings in The Netherlands is strictly prohibited. Please don't smoke in your dressing room, but go outside if you want to smoke. We have a backstage balcony you can use until 23:00.

BACKSTAGE ACCESS

Only the band and their crew have an 'All Access' status. All other access to the backstage area is only allowed after approval by the floor manager.

In case of a minor, artist or guest, we expect them to be accompanied by a responsible adult.

As the backstage is a shared area, we do not allow after parties.
